

Chief Data Officer & Information Quality

CALL FOR POSTERS

2nd CDOIQ Africa Symposium 2025 – Postgraduate Data Science Poster Showcase

Theme: *Building the Data-Driven Enterprise*

Calling all postgraduate students in Data Science!

The **2nd Chief Data Officer & Information Quality (CDOIQ) Africa Symposium** invites postgraduate students to showcase their data science research, innovations, and projects through digital posters.

This is your opportunity to demonstrate how your work contributes to **Building the Data-Driven Enterprise**, the core theme of this year's student track.

Submission Details

- Create a digital poster summarizing your research or project. The poster must be in pdf, PowerPoint or JPEG format.
- Clearly indicate how your work supports or links to the theme: *Building the Data-Driven Enterprise*.
- Submit your poster via EasyChair for review. The submission Web page for CDOIQ2025 is <https://easychair.org/conferences?conf=cdoiq2025>.

Key Dates

- **Submission Deadline:** 25 July 2025
- **Review of submissions by industry data leader panel:** 25 July to 9 August 2025
- **Top 20 Posters Announced:** 10 August 2025

- **Presentation Day:** 8 September 2025 at GIBS Business School, Illovo, Johannesburg

Why Participate?

- The **Top 20 selected students** will present their posters to leading data experts, industry professionals, and academics at the 2nd **CDOIQ Africa 2025 Symposium** (hybrid mode).
- The **Top 3 in-person presenters** will win a complimentary pass to attend the main symposium on **9 and 10 September 2025**, engaging directly with Africa's data leadership community. Find the program, speakers and sponsors here: <https://www.gibs.co.za/programmes/second-chief-data-officer---information-quality-africa-symposium>

Eligibility

- Open to all registered postgraduate students (Honours, Master's, or PhD) working in Data Science.

Publication

- Accepted posters will be published on an open research repository that assigns Digital Object Identifiers (DOIs) to all uploads, making them easily citable and discoverable.

For enquiries or further details, please contact hanlie.smuts@up.ac.za.

**Showcase your work. Build connections.
Shape the future of data in Africa.**
